Frost Bank upgrades NamSys software

Bolton, ON, November 13, 2006 - NamSys Inc. announced that Texas-based Frost Bank has chosen to upgrade to the latest version of NamSys' cash vault management software.

Frost has used NamSys' previous generation of DOS vault management software in all of their cash vaults since 1998. The new software will enable Frost to improve productivity and provide new Internet self-service functionality to their customers.

Walter Sawka, Vice President of Software Solutions at NamSys, said, "Frost Bank has been one of our best customers over the years. We are pleased they decided to upgrade all their cash vaults to our Windows version of the cash vault management system. We look forward to continuing our long and mutually beneficial relationship,"

Frost operates 93 financial centers across Texas in the Austin, Corpus Christi, Dallas, Fort Worth, Houston, Rio Grande Valley and San Antonio regions. Founded in 1868, Frost is one of the largest banks headquartered in Texas, with a legacy of helping Texans with their financial needs during three centuries.

NamSys Inc. was founded in 1989 and offers a full range of software and hardware products to solve the cash processing needs of the banking and retail industries. For further information, contact Jason Siemens at 1-800-668-1961 or visit our website at www.namsys.com.
