NamSys expands Currency Controller market share

Bolton, ON, April 16, 2008 – NamSys Inc. is pleased to announce that three U.S. financial institutions are replacing existing systems with NamSys' Currency Controller cash vault management system.

Currency Controller is used to optimize the operations of cash processing centers including cash verification, document imaging and order preparation.

Jason Siemens, Vice President of NamSys, said, “as a company we are committed to the cash vault software market and have invested heavily in developing the most innovative solutions available. I'm happy that new customers recognize the value of the system and our reputation for outstanding customer service.”

NamSys Inc. was founded in 1989 and is a leading provider of cash logistics management software for banks, armored carriers, retailers and central banks. For further information, contact Jason Siemens at 1-800-668-1961 or visit our website at www.namsys.com.
